

SIMPLE GREEN® EZI-ACTION DRUM PUMPS

Simple Green Drum Pumps are the safest hand pump options for all chemical dispensing jobs

20 LITRE EZI-ACTION DRUM PUMP

- Suited to dispensing any small can or drum with a minimum opening of 42mm (1 2/3 inches) in diameter
- Shorter shaft height allows for easy pumping on a bench or table top
- Same components as the 208 Litre Drum Pump for ease of service
- Perfect for dispensing 20 litre to 30 litre chemical containers in janitorial, commercial, industrial cleaning and in agricultural market sectors
- Secures into the container opening with the Adaptor Fitting
- Dispenses roughly 160mL (6 oz) a stroke
- Simple construction provides no complications for user
- Using a drum pump for each chemical in the workplace provides safe, mess free dispensing and controls workplace hazards
- Easy to clean and small enough for easy storage

PART#	DESCRIPTION	SIZE	UNITS
SGPUMP20L	Simple Green® Ezi-Action Drum Pump 20 litre	20 Ltr	1

208 LITRE EZI-ACTION DRUM PUMP

- Empties all contents from container
- Dispenses 400 ml per stroke
- Secures into the drum opening with an Adaptor Fitting (four thread styles supplied)
- Vertical location of pump in the drum means no bending and no risk of back injury or back ache when dispensing liquid
- Heavy 200 litre containers can remain in a safe, upright position
- Can also be used for pumping from 110 litre or 25 gallon drums

SGPUMP208L	Simple Green® Ezi-Action Drum Pump 208 litre	208 Ltr	1

1040 LITRE (IBC) EZI-ACTION DRUM PUMP (CHEMICAL RESISTANT)

- Sits at the base of the IBC or tote for emptying the whole container
- No problems with leaking from the tap at the base of the IBC
- Easy fast dispensing of all types of chemicals, AdBlue (DEF), oils, diesels, and even molasses
- Can be used in IBC, transi tote, pod, flow bin or palletcon sized containers
- Secures into the double cap opening on the top of the IBC using the Adaptor Fitting
- Controlled dispensing for both small and large quantities when required
- Safer than tap dispensing
- Fully serviceable to provide years of optimal use
- Durable to withstand most harsh outdoor weather conditions
- No need to worry about mass spillage of liquid product
