

CLEANING PRODUCTS ENGINEERED FOR STRENGTH, SAFETY & VERSATILITY

SIMPLE GREEN® HEAVY DUTY PRECISION CLEANER

Powerful formula cleans heavy equipment, tools & delicate components without caustic chemicals

APPLICATIONS:

- Removes tough dirt, grease & grime from industrial machinery, equipment & tools without damaging rubber seals, gaskets, plastic components, or painted surfaces
- Ideal for use in manufacturing facilities such as medical device manufacturing, hydraulic component plants, shipyards & marine fabrication, locomotive & vehicle assembly plants, engine manufacturing, body & metal stamping plants, heavy metal fabrication & more
- Effectively cleans hydraulic cylinders, hoses, valves & pumps without causing corrosion or damage to sensitive materials
- Versatile, can be used on a wide range of surfaces & materials including bare, coated & painted metals, forged & stamped metals, titanium, aluminum, chrome, stainless steel components, composite materials & machined parts
- Clean-rinsing formula is perfect for surface-prep prior to painting, plating, coating, or welding and leaves surfaces perfectly finished for parts assembly, waxing & more
- Effectively cleans & degreases CNC machined components, removes oil & cutting fluids while protecting precision surfaces making it ideal for CNC machine shops, precision parts manufacturers & machinery/parts production facilities
- Cleans armored & military vehicles, tractors, plows, earthmovers, and other large-scale equipment & heavy metals
- Can be applied manually or cleaning equipment such as floor scrubbers, pressure washers, or steam cleaning machines
- Removes spills, oils & grime from epoxy-coated floors & other durable surfaces, perfect for maintenance areas in factories & fabrication sites, warehouse floors & transportation depots

UNIQUE FEATURES:

- + Combines two powerful active ingredients to quickly penetrate, lift & break down tough grease & grime
- + NSF Registered (A1, A2, A4, A8, B1, B2, C1, C7) for use as a general cleaner in food processing areas
- + Non-flammable & non-abrasive, contains no caustics or chlorinated chemicals, a great alternative to harsh chemical cleaners
- + Formulated with an anti-corrosion agent to minimize oxidation on materials sensitive to corrosion
- + Cost-effective concentrate
- + Rinse-waste can be handled by standard wastewater treatment methods
- + Compatible with oil/water separators
- + No expensive specialized PPE required
- + VOC compliant, non-fuming formula safer for use in confined spaces
- + Biodegradable Liquid: Liquid biodegrades 94% within 28 days after disposal into a typical sanitary sewer or septic system

CLEANING PRODUCTS ENGINEERED FOR STRENGTH, SAFETY & VERSATILITY

SIMPLE GREEN® HEAVY DUTY PRECISION CLEANER

Powerful formula cleans heavy equipment, tools & delicate components without caustic chemicals

INSTRUCTIONS FOR USE:

1. Mix Simple Green Heavy Duty Precision Cleaner with water to the desired dilution (see dilution instructions below).
2. Apply to soiled surfaces using a Simple Green foamer or other application method.
3. Allow time to penetrate oil, grease, dirt, or grime. If the product dries, re-apply or wet the surface.
4. Heavy soil or grease may require scrubbing.
5. Rinse with water at the highest available & permissible pressure.
6. Repeat if needed.

DILUTIONS: (PARTS SIMPLE GREEN HEAVY DUTY PRECISION CLEANER: PARTS WATER)

- **Pressure Washing:** Heavy soil 1:30, Light soil 1:50
- **Manual Wash:** Heavy soil 1:3, General cleaning 1:15
- **Parts Washing:** 1:3
