

TYPICAL CHARACTERISTICS OF CONCENTRATE

Appearance	Dark green fluid
Physical State	Liquid
Flash Point	Non-flammable
Boiling Point	101 °C (213.8 °F)
Freezing Point	0 °C (32 °F)
Specific Gravity	1.025 – 1.05
pH	11.0 – 11.5
VOCs	0 g/L per CARB Method 310
Water Solubility	100%
Odor	No added fragrance

SDS AVAILABLE ONLINE

TYPICAL USES: Concentrated cleaning agent that is diluted with water and used for cleaning hard, non-porous surfaces. Carries Green Seal GS-37 Standard certification and provides compliance with municipal, federal, and green-building requirements for green-certified cleaners.

SAFETY: No personal protective equipment is required.

SIMPLE GREEN CLEAN BUILDING® All-Purpose Cleaner Concentrate

Part of the Green Seal Certified® Simple Green Clean Building line

UNIQUE FEATURES

- Meets the Green Seal™ Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging, and protective limits on VOCs and human and environment toxicity. For more information, please visit GreenSeal.org.
- Complies with environmentally preferable product purchasing programs that are in place throughout federal, state and municipal governments
- Safer for employees than traditional, non-certified cleaners
- Alkaline formula is non-caustic and non-flammable
- Cleaner contains no added fragrances, which can aggravate allergies or other sensitivities
- Penetrates and lifts dirt, grime and oily soils from hard, non-porous surfaces without heavy scrubbing
- Rinses clean without leaving behind smudges or streaks
- Cost-effective concentrate lasts far longer than ready-to-use options and can be used manually or with cleaning equipment
- Part of a color-coded, number-coded and bilingually labeled cleaning line which also includes Bathroom Cleaner, Glass Cleaner and Carpet Cleaner
- Concentrate can be easily and economically diluted 1:64 with water for use in floor scrubbers, mopping, and spray and wipe applications
- Ideal for use in product proportioning rack systems
- Perfect for use in schools, universities, government facilities and LEED Certified buildings that require environmentally preferable product purchasing
- Excellent for continued maintenance of high-traffic areas like waiting rooms, reception areas, hallways, cafeterias and conference rooms

APPLICATIONS

- Effective and safe enough to clean hospitals, clinics, nursing homes and day care centers
- Use on desks, floors, dining areas, countertops, walls, furniture and other areas where messes build up over time
- Biodegradable formula is ideal for cleaning in schools, animal shelters, office buildings, veterinary offices and kennels, hotels and motels, and more

DIRECTIONS FOR USE

- Dilute one part concentrate to 64 parts water.
- Spray or wet the area to be cleaned. Work in manageable sections if cleaning a large area.
- Wait several minutes to allow cleaner to work before wiping or mopping the surface clean.
